**23 JANUARY 2012**

**Stel die regte voorbeeld om gesinsmoorde te voorkom**

“Die Christen-Demokratiese Party (CDP) doen ‘n beroep op die ANC om moreel die regte voorbeeld te stel,” sê die leier van die CDP, ds. Theunis Botha.

“Terwyl gesinsmoorde skokkend dikwels voorkom, lyk dit of die regering aktief van die oorsake daarvan stook. Dit blyk dat skokkende toestande toegelaat is om in provinsies te ontwikkel voor in ‘n beperkte mate ingegryp is. “Gesinsmoorde is simptome van ‘n wye verskeidenheid faktore, waarvan nie almal binne die beheer van die owerheid val nie. Daar is egter ook genoeg oorsake wat aangespreek word as die regering die regte voorbeeld stel, en byvoorbeeld korrupsie genadeloos pak.

“Die president vlieg met skaduvliegtuie wat hom soos ‘n donker skadu volg terwyl ‘n groot deel van die land se bevolking nie kos het om te eet nie.

“Iets soos die uitsending van pornografie moes nooit eens oorweeg kon word nie omdat genoeg navorsing terapeute op die ernstige gevolge hiervan wys.”

**Set the right example to prevent family murders**

“The Christian Democratic party (CDP) calls on the ANC to set the right moral example,” says CDP leader, Rev. Theunis Botha.

“Whilst family murders are occurring with horrifying frequency, it seems as though government is actively promoting elements that lead to these tragedies. It has come to light, for example, that shocking circumstances were allowed to develop in provinces before limited action was taken.

“Family murders are symptomatic of a wide range of factors, not all in the ambit of government. There are however a number of ways in which government can address the problem, one being to set the right example by effectively tackling the scourge of corruption.

“The President travels to destinations with planes following him like dark shadows, while, at the same time, a significant proportion of the population do not have food to eat.

“The broadcasting of pornography, for instance, should not even have been discussed. Ample research has borne testimony to the destructive results of this evil.”
