SAPD-regstellende aksie – CDP verheug oor verwikkeling

“Die Christen-Demokratiese Party (CDP) verwelkom die skikking tussen Solidariteit en die SAPD wat daartoe gelei het dat Jacobus Deetlefs – die beste kandidaat – tot kolonel bevorder kon word.”

So sê Richard Botha, die CDP se woordvoerder oor regsangeleenthede, in reaksie op Deetlefs se bevordering nadat aanvanklik op grond van ras en geslag teen hom gediskrimineer is.

“Die CDP glo die behoefte aan behoorlike en doeltreffende dienslewering behoort nie die enigste norm te wees nie. Ons meen dit is verkeerd om mense se Godgegewe talente in die doofpot te prop, en dat hardwerkendheid en pligsgetrouheid ongeag ras of geslag beloon moet word.”

SAPS affirmative action – CDP overjoyed with development

“The Christian Democratic Party (CDP) welcomes the settlement between Solidarity and the SAPS which opens the door for Jacobus Deetlefs, who was the best candidate, to be promoted to colonel.”

So says Richard Botha, the CDP’s spokesperson on judicial matters, in reaction to the promotion of Deetlefs after he had been the victim of racial and gender discrimination.

“The CDP believes that the need for effective and efficient service delivery should not be the sole measure. We believe it is wrong to suppress a person’s God given talents, and we believe the selfmotivation to work hard and responsibly should be rewarded, irrespective of gender or race.”
