De Lille's move indicates movement towards socialism

"The announcement by the DA that Patricia de Lille has been put forward as the Mayoral Candidate for Cape Town has come as no surprise." Says Rev Theunis Botha, leader of the Christian Democratic Party. (CDP).

"This move was mooted some time ago and only goes to confirm the DA's move to Socialism. There is now little difference between the socialist/liberalism of the ANC and the liberal/socialism of the DA. In fact they are really two sides of the same coin and have more in common than in conflict with one another," Botha said.

"This means that you get more of the same, no matter which one of the two you vote for."

De Lille se aanwysing dui op kruipende sosialisme

"Die aankondiging dat die DA Patricia de Lille as burgemeesterskandidaat vir Kaapstad genomineer het, kom as geen verrassing nie," sê ds. Theunis Botha, leier van die Christen-Demokratiese Party (CDP).

"Dié stap het al 'n hele tyd gelede ontwikkel en onderstreep bloot die DA se beweging in die rigting van sosialisme. Daar is nou min verskil tussen die sosialistiese liberalisme van die ANC en die liberale sosialisme van die DA. In werklikheid is dit maar die twee kante van dieselfde muntstuk en het meer in gemeen as wat dit in konflik met mekaar staan," sê Botha.

"Dit beteken 'n mens kry maar vinkel of koljander, of mens nou stem vir een of die ander."
