An 'African' dictator in the making

"Malema's latest attack on Zuma is a clear indication of the moral character of the man." So says Rev Theunis Botha, Leader of the Christian Democratic Party.

"Not so long ago he boldly stated that he would 'kill for Zuma' and now it appears that he is ready to kill Zuma. Any person who could change his loyalties so drastically must be seen as a liar and cannot be trusted. His orders, during the recent Youth League conferences, to have opponents of his leadership, forcibly removed from meetings, are a clear indication that there is an 'African' dictator in the making, after the image of Idi Amin."

"The bible describes his situation very clearly in Isaiah 3:5, 'Young people will revolt against authority, and nobodies will sneer at honourable people'. Not that the CDP regards President Zuma as honourable, taking his past record into consideration, we do however respect and regard as honourable the office he holds. Support, apparently enjoyed by Malema, places a huge question mark over the ability of those who follow him, to discern the inevitable end of their folly. Proving that to some it is 'folly to be wise'."

Die geboorte van 'n Afrika-diktator

"Malema se jongste aanval op pres. Zuma is 'n duidelike aanduiding van die morele stoffasie van die man," aldus ds. Theunis Botha, leier van die Christen-Demokratiese Party (CDP).

"Betreklik onlangs het hy nog ewe braaf verkondig hoe hy sal 'doodmaak vir Zuma' en nou lyk dit of hy oorgehaal is om Zuma self dood te maak. Enige persoon wat so van deuntjie kan verwissel, moet as leuenaar en as iemand wat nie vertrou kan word nie, beskou word. Sy opdragte tydens onlangse Jeugliga-kongresse waar hy opdragte gegee het dat teenstanders van sy leierskap hardhandig uitgesmyt moet word, toon dat hier 'n Afrika-diktator in na die beeld van Idi Amin aan die ontwaak is."

"Die Bybel beskryf dié situasie as die jong mense wat teen gesag in opstand sal kom, en die onbenulliges wat eerbare mense sal belaster. (Jes :5). Nie dat die CDP pres. Zuma as eerbaar beskou nie – nie as sy rekord as maatstaf dien nie – maar ons respekteer die amp wat hy bekleed. Die steun wat Malema skynbaar geniet, plaas 'n reuse vraagteken oor sy volgelinge se vermoë om die gevolge van hul lojaliteit in te sien."
