Has Malema got religion?

“Before a planned mass demonstration on 27-28th October, Malema has promised the poor that it is now time for them to enter into the Promised Land. It is amazing that the agents of Satan, just like their “father” before them are now resorting to quoting scripture as part of their plan of deception.” So says Rev Theunis Botha Leader of the Christian Democratic Party (CDP)

“The promised land Malema is offering the people, has however, nothing to do with its biblical counterpart. His promised land is the Communist Utopia promised to the Russians by Stalin and the Chinese by Mao Zedong. History tells us that both these gentlemen were responsible for killing millions of their own people for no other reason but that they opposed the ideology these men espoused.

“Communism has always been and always will be a failed system, no matter how it is dressed up. It has never been successful in feeding the hungry, putting clothes on the backs of the poor or instilling hope in the hearts of the people. All it has in fact succeeded in is the enrichment of the Communist elite and the enslavement of their own citizens.

The Iron and Bamboo curtains and the Berlin wall were not erected to keep out the free people of the West they were erected to keep in the subjugated citizens of the East.

Malema, living in his multi million rand house and driving his super-expensive motor-cars, has nothing to offer the poor but even more poverty.
Be warned.”

Is Malema godsdienstig?

“Voor die beplande massa-betogings op 27 – 28 Oktober het Malema die armes beloof dat dit nou die tyd is dat hulel die Beloofde Land ingaan. Dit is verstommend hoe die agente van Satan, net soos hul “vader” voor hulle hulel nou wend tot die aanhaal uit die Bybel as deel van hul misleiding.” So sê ds. Theunis Botha, leier van die Christen-Demokratiese Party (CDP)

“Die land wat Malema beloof, het egter niks met die Bybelse verwysing te make nie. Sy beloofde land is die kommunistiese Utopia wat deur Stalin aan die Russe, en deur Mao Zedong aan die Sjinese beloof is. Die geskiedenis vertel egter die verhaal dat hierdie twee miljoene van hul landgenote laat doodmaak het bloot omdat hulle nie die ideologie van Stalin en Mao aangehang het nie.

“Kommunisme was nog altyd en sal ‘n mislukte stelsel bly, ongeag hoe dit opgedis word. Dit het nog nooit daarin geslaag om die hongeres te voed en die armes te klee, of hoop aan die mense te bring nie. Dit het net daarin geslaag om die elite se posisies te verskans en om die burgers te onderdruk.
“Die Yster- en Bamboesgordyne en die Berlynse muur is nie opgerig om die vry burgers van die Weste uit te hou nie, maar om die onderdrukke mense van die ooste in te hou.

Malema, wat in sy multi-miljoen rand se huis woon en in super-duur motors rondrits kan aan die armes niks meer bied as armoede nie.
“Wees gewaarsku.”
