The NWO and Art 235

With what has been happening, especially but not exclusively, in Canada and Australia it has become apparent that countries worldwide are becoming progressively more tyrannical and autocratic. They are continuing to use arbitrary and draconian laws to encroach on the God given rights of the individual. One cannot but conclude that they are all colluding with the UN Agenda 21 (now referred to as Agenda 2030).

What is UN Agenda 21?

This Agenda is their blueprint for establishing a New World Order (NWO). It was signed by 179 nations in 1992 and was designed to bring about totalitarian control of every aspect of human life. Through the development of Artificial Intelligence (AI), they will be able to monitor our every movement, determine credit scores to ensure obedience to central authorities, manage a central bank bit-coin world currency, make people poor but “happy” while totally dependent on government handouts. They intend changing the human genepool forever by doing away with ethnicity, gender and creed. They deny God and challenge all Godly authority while decrying the Christian/Biblical values and life style we hold so dear to our hearts. They are already in the process of setting up an inventory on food, water, minerals, production, construction, health, education, etc. In fact their aim is to control all human life by monitoring and controlling everything they need to survive. The agenda is built on three pillars, namely Economy, Ecology and Equity. On the face of it, it appears quite innocuous *however it is anything but that*. What they are actually aiming to achieve is the impoverishment and collapse of huge sectors of the economy of the developed nations. They intend moving people from rural areas into densely populated cities, where they will be able to monitor and control them more effectively. If this is not bad enough let’s look at a couple of statements made by two prominent persons involved in the World Economic Forum (WEF). The WEF is in the forefront of setting the stage for the NWO. This is an excerpt from the book “Covid-19 The Great Reset” by Klaus Schwab, founder and chairman of the World Economic Forum (WEC)

“At least four billion “useless eaters” shall be eliminated by the year 2050 by means of limited wars, organised epidemics of fatal rapid acting diseases and starvation. Energy, food and water shall be kept at subsistence levels for the non-elite, starting with the White population of Western Europe and North America and then spreading to other races. The population of Canada, Western Europe and the United States will be decimated more rapidly than on other continents, until the world population reaches a manageable level of one billion, of which 500 hundred million will consist of Chinese and Japanese races, selected because they are people who have been regimented for centuries and who are accustomed to obeying authority without question. From the time there shall be artificially contrived food and water shortages and medical care to remind the masses that their very existence depends on the good will of the Committee of three hundred.”

Yuval Noah Harari, lead advisor and described as the evil mastermind behind Klaus Schwab has the following to say:

“Dictators always dreamt about completely eliminating privacy, monitoring everybody all the time and knowing everything you do. Not just everything you do, but even everything you think and everything you feel..... They could never do it because it was technically impossible; now it's possible”.

The War in Ukraine

Many see the invasion of Ukraine by Russian forces as the fulfilment of Bible Prophecy. With the impact of the Covid pandemic waning, many are asking the question – ‘is the war now being used by the NWO as part of their Great Reset programme?’ Just as with the Covid lockdown, the Ukrainian war is being used as a means to further impoverish the citizens of the world, while they wallow in exclusive hedonistic abundance at the expense of everyone else. It has become increasingly difficult to discern truth from lies and to escape manipulated mass psychosis. This has not cancelled the duty of Christians worldwide to seek out the truth, maintain righteousness and be the salt and light by spreading truth throughout the earth.

What is the CDP doing?

The South African Constitution - labelled as the best in the world in 1996 - has included in it Article 235 under the title “Self determination” and we quote:

”The rights of the South African people as a whole to self-determination, as manifested in the Constitution, does not preclude within the framework of this right, recognition of the notion of the right of self-determination of any community sharing a common culture and language heritage, within a territorial entity in the Republic or in any other way determined by National Legislation.”

Considering that most of what is contained in UN Agenda 21 (now known as Agenda 2030), and its obvious goal to establish a centralised NWO by 2030, the CDP has taken it upon themselves, in a letter to the Speaker of Parliament, to demand that National Parliament, immediately apply themselves to putting forward legislation that will give expression to this Article 235.

As a Party the CDP, after researching many options, has come to the conclusion, that the best way to ensure a prosperous and peaceful South Africa would be to follow a Confederal system of government. This is based on the Swiss model. Switzerland is considered by many, to be the most Democratic country - and has the highest per-capita income in the world. It is made up of several different major ethnic groups – Germans, French, Italians and Rhaeto-Romansch, all who have found a way to live in perfect harmony in a Canton style system. The CDP is convinced that such a system of decentralised self -governance could work well in South Africa and intends to furnish you with more information in this regard in future.

In conclusion

Revelation 14:5-7. “No lie was found in their mouths; they are blameless. Then I saw another angel flying in mid-air, and he had the eternal gospel to proclaim to those who live on the earth - to every nation, tribe, language and people. He said in a loud voice, “Fear God and give him glory, because the hour of his judgment has come. Worship him who made the heavens, the earth, the sea and the springs of water.”

We covet your prayers and your support.
