## **ANC continues its attack on Christian values**

It is a known fact that to be silent on matters that affect you, especially in relation to new laws put forward by government, will mean that you acquiesce to their proposals. Since the ANC took over in 1994, numerous laws that stand in direct opposition to Scripture, have seen the light of day. It has become obvious that the policies of the ANC Communist government are in concert with the aims and objectives of their New World money masters.

In some ways South Africa, under the ANC, has been ahead of what is happening in the secular world, and in others they have lagged behind. But they have in every instant implemented New World Order (NWO) imperatives. The latest effort to “redefine marriage” as released by government in its “Green Paper on marriages in South Africa”, is a point in fact. This EU inspired initiative to “reshape global governance” is being advanced in South Africa as a result of a binding agreement between the EU and African and other nations. It would appear that these NWO protagonists are now using “sexual rights” as their point of focus to advance their agenda of disharmony and confusion within the general populous. Thus adding it to “social disparity” and “race” which they consistently used in the past. There are apparently also growing calls to use “Hate Crimes” laws to criminalize the use of Biblical texts that condemn sexual sins. The CDP will do all in its power to resist any such attempts.

It is time to realise that as a Christian you need a Party in parliament that will boldly and fearlessly stand up to defend Biblical values. Such a voice does not exist at this time. The Christian Democratic Party (CDP), however, is committed to speak for you and so let your Christian voice be heard. Failing this, it is a foregone conclusion that the government will ride roughshod over every Biblical value you hold dear to your heart.

The CDP has launched a new marketing initiative on various social media platforms, to keep you updated and informed on their Manifesto of Hope – God’s plan for South Africa. Please go to these sites and “like” or subscribe.
