

30 December 2020
(Afrikaans hieronder)

Rev Theunis Botha, Leader of the Christian Democratic Party (CDP) said that President Cyril Ramaphosa, in his latest lock-down speech, painted a bleak picture for South Africa and the world in the foreseeable future. Not only are we going to continue to be confronted by the awful COVID-19 virus, but we are told that it has now mutated into a more deadly and possibly vaccine resistant strain called 501.v2. It has also taken on the sinister characteristic of being a “super-spreader”. From the information given to us by Ramaphosa, there is no escaping its octopus-like-tentacles just waiting to wrap itself around us. Of course he blames you and me, the ordinary every day citizens of the country, for what is happening. We are the ones that have failed to comply to the government’s dictates and have wilfully and with malice not only endangered ourselves but the lives of our families and all our fellow citizens. He says that we have let ourselves down, we have not been wearing masks, we have not been washing our hands or sanitising, and we have not been keeping a safe distance from others. But one thing is certain he does not include himself in the WE. He is in fact placing the blame for the spread of the virus squarely on our shoulders. It is all our fault. Not once did he speak of any failure on government’s side. Not once did he mention the effect of the fraud and corruption that led to the loss of hundreds of millions of rand of the almost R63 billion from the IMF, the R15 billion from the New Development bank and a whopping R500 billion of taxpayers money totalling R577 billion that was earmarked for fighting the virus. No! It is all our faults and to punish us the Notorious nine are going to slap more restrictions on us. Threatening us with severe penalties should we dare to ignore the tyrannical prescription.

The CDP wants to let President Ramaphosa know that we are on to him and his world-wide One World Order conspirators. We are on to them as they plan and scheme for the Great Reset to be introduced at Davos. Where the elite meet to discuss what they are going to do to enslave the expendable masses.

It is time for us as Christian citizens of South Africa to rise up against, what can only be described as, power hungry despots, only interested in themselves, at the expense of everyone else.

Rev Theunis Botha (Party Leader)

AFRIKAANS

Ds Theunis Botha, Leier van die Christen Demokratiese Party (CDP) het gesê dat President Cyril Ramaphosa ‘n bleek prentjie vir die voorsienbare toekoms in Suid Afrika en die wêreld skets met die nuutste begremlingstoespraak. Nie slegs gaan ons steeds deur die nare COVID-19 virus gekonfronteer word nie, maar ons is vertel dat dit nou gemuteer het na ‘n meer dodelike variant wat 501.v2 genoem word en dan moontlik vaksine-weerstandig kon wees. Dit het nou ook die meer onheilspellende karakter van ‘n “super-verspreider”. Uit die informasie deurgegee vanaf Ramaphosa, is daar geen ontsnapping van die virus se seekatarms wat net wag om ons vas te vang nie. Natuurlik word ek en jy nou as die gewone burgers van die land geblameer, vir wat besig is om te gebeur. Ons is skuldig daaraan dat ons versuim om aan die diktatuur van die regering te voldoen en het kwaadwillig nie net ons eie lewens, maar ook die lewens van ons families en mede-burgers in gevaar gestel.

Hy sê ons het onself in die steek gelaat, ons het nie maskers gedra nie, ons het nie hande gewas en sanitasie toegepas nie, en ons het nie veilige afstande tussen mekaar gehandhaaf nie. Maar een ding is verseker, hy sluit homself nie in by die ONS nie. Hy plaas inderdaad die verspreiding van die virus vierkantig op ons skouers. Dit is alles ons skuld. Een ding is seker, nie eenkeer is die nagevolge van bedrog en korrupsie aan die kant van die SA regering vermeld nie. Bedrog en korrupsie wat gelei het tot die verlies van honderde miljoene rande van die nagenoeg R 63 miljard van die IMF, die R 15 miljard van die Nuwe Ontwikkelingsbank en ‘n reuse R500 miljard uit die belastingbetalers se staatskoffers met ‘n totaal van R577 miljard, wat geoormerk

was om die virus te beveg. Nee! Dit is alles ons skuld en om ons te straf gaan die Berugte Nege meer beperkings op ons afdwing. Dreigende dat streng boetes enige onverskiligheid teen die tirannie sal begroet. Die CDP wil vir President Ramaphosa laat weet dat ons in die nek blaas van hom en sy Een Wêreldorde samesweerders. Ons sien hoe daar beplan en geswendel word vir die Groot Herstel wat by Davos ter tafel sal kom.

Daar waar die elite vergader om te bespreek wat hulle gaan doen om die wegdoenbare massas tot slawerny te dwing.

Dit is tyd vir ons as Christen burgers van Suid Afrika om ferm op te staan teen wat net as magshonger despote beskryf kan word, slegs geïnteresseerd in eie belang, ten koste van al die ander.

Ds Theunis Botha (Leier van die CDP)
