## Important Information affecting the country - WHAT NEXT – GENOCIDE?

It is a sad day, for the city of Tshwane and Pretoria when it is run by a man like Mayor Kgosientso Ramokgopa.

About a dozen police cars supported by Caspers lined the streets outside a school in Valhalla on Tuesday 12<sup>th</sup> April 2016. Sorry if I didn't quite get the right number as I was blinded by the flashing red and blue lights. It was obvious that some or other dignitary was paying a visit to this quiet and peaceful community. Was it President Zuma? Was it perhaps one of the Guptas? No! That wasn't possible either. As they had left South Africa the day before with bags filled with what could be ill-gotten-gain, accumulated as the result of their special relationship with Zuma.

What a disappointment when the one who walked into the hall, surrounded by plus minus a dozen body guards, was none other than Kgosientso Ramokgopa the Mayor of Tshwane. Why would he come to address a gathering of Muslims, almost none of whom live in Valhalla? The reason is quite obvious; he came to hand over, what was once a park in the middle of the residential area, to a Muslim group to build a mosque on. It is interesting to note that the residents of Valhalla were being barred from entering the school hall although the meeting was arranged and bottled water was supplied by the Speaker's office. Those, controlling access claimed that this was their meeting which they duly opened with readings from the Koran and chanting Islamic prayers. A few residents, however, insisted on their right to enter the hall and were grudgingly admitted.

Ramokgopa set the tone of the meeting by praising the Muslim community for the contribution they had made to the ANC and the struggle. Apparently money can buy favours. He grew more and more animated as the crowd became more and more vociferous. His boldness knew no bounds as he launched out at what he described as **Afrikaner-Christian enclaves**, threatening them with integration by other faiths whether they liked it or not. He praised the Muslim community for being peace loving and tolerant. He further referred to those few residents present who asked 'what about the Christian faith?' as racist and ignorant and in need of being educated and being prayed for by Muslims.

With an attitude reminiscent of communist tyrants such as Stalin and Mao Zedong, and under the same illusions of grandeur, this mayor told those in Valhalla who did not approve of a mosque being built in the area, that they should leave and go and live somewhere else. This statement was supported with enthusiastic cheers and thunderous applause by his appreciative Muslim audience. This is similar to what happened when Hindu residents of Laudium and Christian residents of Erasmia were forced out of their homes as a result of such an Islamic invasion, with many having moved to Valhalla. Now the Mayor is telling those same people to move again to create 'lebensraum' for the Muslims. He further stated that he was going to encourage the erection of Mosques in all areas over the city of Tshwane, once again showing callous disregard for residents and their Constitutional rights.

## **A German's View on Islam - worth reading.**

This is one of the best explanations of the Muslim terrorist situation. His references to past history are accurate and clear. Not long, easy to understand, and well worth the read. The author of this email is Dr. Emanuel Tanya, a well-known and well-respected psychiatrist.

A man, whose family was German aristocracy prior to World War II, owned a number of large industries and estates. When asked how many German people were true Nazis, the answer he gave can guide our attitude toward fanaticism.

'Very few people were true Nazis,' he said, 'but many enjoyed the return of German pride, and many more were too busy to care. I was one of those who just thought the Nazis were a bunch of fools. So, the majority just sat back and let it all happen. Then, before we knew it, they owned us, and we had lost control, and the end of the world had come.'

'My family lost everything. I ended up in a concentration camp and the Allies destroyed my factories.'

We are told again and again by 'experts' and 'talking heads' that Islam is the religion of peace and that the vast majority of Muslims just want to live in peace. Although this unqualified assertion may be true, it is entirely irrelevant. It is meaningless fluff, meant to make us feel better, and meant to somehow diminish the spectre of fanatics rampaging across the globe in the name of Islam.

The fact is that the fanatics rule Islam at this moment in history. It is the fanatics who march. It is the fanatics who wage any one of 50 shooting wars worldwide. It is the fanatics who systematically slaughter Christian or tribal groups throughout Africa and are gradually taking over the entire continent in an Islamic wave. It is the fanatics who bomb, behead, murder, or honour-kill. **It is the fanatics who**

take over mosque after mosque. It is the fanatics who zealously spread the stoning and hanging of rape victims and homosexuals. It is the fanatics who teach their young to kill and to become suicide bombers.

The hard, quantifiable fact is that the peaceful majority, the 'silent majority,' is cowed and extraneous. Communist Russia was comprised of Russians who just wanted to live in peace, yet the Russian Communists were responsible for the murder of about 20 million people. The peaceful majority were irrelevant. China's huge population was peaceful as well, but Chinese Communists managed to kill a staggering 70 million people..

The average Japanese individual prior to World War II was not a warmongering sadist. Yet, Japan murdered and slaughtered its way across South East Asia in an orgy of killing that included the systematic murder of 12 million Chinese civilians; most killed by sword, shovel, and bayonet. And who can forget Rwanda, which collapsed into butchery. Could it not be said that the majority of Rwandans were 'peace loving'?

History lessons are often incredibly simple and blunt, yet for all our powers of reason, we often miss the most basic and uncomplicated of points: peace-loving Muslims have been made irrelevant by their silence. Peace-loving Muslims will become our enemy if they don't speak up, because like my friend from Germany, they will awaken one day and find that the fanatics own them, and the end of their world will have begun.

Peace-loving Germans, Japanese, Chinese, Russians, Rwandans, Serbs, Afghans, Iraqis, Palestinians, Somalis, Nigerians, Algerians, and many others have died because the peaceful majority did not speak up until it was too late.

Now Islamic prayers have been introduced into Toronto and other public schools in Ontario, and, yes, in Ottawa too while the Lord's Prayer was removed (due to being so

offensive?) The Islamic way may be peaceful for the time being in our country until the fanatics move in.

In Australia, and indeed in many countries around the world, many of the most commonly consumed food items have the halal emblem on them. Just look at the back of some of the most popular chocolate bars, and at other food items in your local supermarket. Food on aircraft have the halal emblem, just to appease the privileged minority who are now rapidly expanding within the nations shores.

In the U.K, the Muslim communities refuse to integrate and there are now dozens of no-go zones within major cities across the country that the police force dare not intrude upon. Sharia law prevails there, because the Muslim community in those areas refuse to acknowledge British law.

As for us who watch it all unfold, we must pay attention to the only group that counts -- the fanatics who threaten our way of life.

Lastly, anyone who doubts that the issue is serious and just deletes this email without sending it on, is contributing to the passiveness that allows the problems to expand. So, extend yourself a bit and send this on and on and on! Let us hope that thousands, world-wide, read this and think about it, and send it on - before it's too late.

And we are silent.....
